WHY ARE YOU DOING ALL THESE WONDERFUL CRAZY THINGS?

Excellent question. Because we're celebrating our 45th anniversary in business, and we really believe in the quality of what we do. We've been a Christian organization since 1962 serving the fine folks in the Michiana area with distinction through awesome accommodations and award winning food from our Five-Star restaurant. We are trying the best we can to honor God in all that we do (*Col 1:17;23*), and we've been truly blessed to be supported in our community for so many years – now on our anniversary we want to express our appreciation by giving back to the communities we serve.

And the other thing is, amazingly enough, as we talk to our friends around town, **we're astonished that many of them simply didn't realize all the things that we do and offer!**

Whatever your needs may be, we are poised to provide you with the very best we can offer. We really hope you take advantage of these anniversary offers this summer, and see just what a little gold mine you and yours may discover.

SO JUST WHAT IN GOD'S GREEN EARTH ARE PEOPLE SAYING ANYWAY?

Here's just a small slice of what some of our guests have had to say; *their story will become yours:*

Thanks for all that you did for our retreat. The group had a wonderful time and have not stopped talking about all the things we were able to do and see. I personally want to thank you for all the "leg work" that you saved me. Again thanks for the hospitality. I will recommend your Bed & Breakfast to my pastor friends as an excellent place for a short retreat. Thanks and God bless you during the Thanksgiving and Christmas season.

Pastor Cross, Paragon Church

Our leadership staff had the opportunity to use the facilities of the Patchwork Quilt Country Inn to prepare for the new year. While the material we had to cover was cumbersome in nature, the relaxed ambience and country setting of the Patchwork Inn led to a spirited, engaged, and ultimately productive meeting. More than simply a bed and breakfast, we were able to have an engaged discussion in the conference room followed by a delicious meal next to an inviting fire in the main dining center. We are excited to utilize the Patchwork Inn for future meetings! Thank you for a great time and an inviting presence!

It was the ideal setting for the six couples who attended. The accommodations could not have been any better and the food and meals were absolutely the best! The weather allowed the six couples to enjoy the short walks around the complex and then gather outside in the early evening to reminisce and enjoy each others company. Our group took advantage of gathering room with all twelve people being able to sit comfortably and converse -- while others utilized the living room and listen to the piano and sang. Thanks again!

I know we didn't complete a guest survey that was left in our rooms. I felt I would rather express our experience more personally. Your bed breakfast experience was wonderful! Simply put outstanding. We enjoyed the atmosphere and the fine cooking in the mornings. However, the best was feeling like we where part of Indiana. We really got a sense of the Indiana country side and the hospitality, which was second to none. I owe Richard big time for recommending me to your establishment. We are surely looking forward to coming back again!

Thank you so much for such a carefree evening. Your staff was there when we needed them, yet let us have our space. It was perfect! I would absolutely recommend your accommodations for any group looking for dinner or meeting arrangements.....

SO NOW WHAT AM I SUPPOSED TO DO?

Well Ok we'll tell you – Just 2 simple things:

1. Activate your free brunch coupons by making a reservation today. If you wait too long without making an initial reservation, the ink on your coupons will disintegrate, or your coupons will melt (just kidding). And besides, things have been going so great these first few Sundays; we're running out of spots. Your coupons don't expire until the end of September, but you'll have to make a reservation for one of those Sundays within 10 days of receiving this letter.

We are offering these free brunches now to introduce it to the area. Once we become the place for Sunday Brunch, these offers won't be available. So make sure you and your church members take advantage of this and call today.

2. Plan your retreats or banquets or catering needs if you have not already... – to take advantage of these crazy wild offers we're making you, you'll have to let us know by the end of September!

This is because we're right smack-dab in the middle of our busy season, and we have an obligation to make sure we can continue to provide exceptional accommodations and fine service to all the loyal guests who have patronized us over the years. We want to extend these amazing free room and free gift certificate offers to you, but space and opportunities are going really fast. The last thing we want to say to you is "we're all booked up for that time..." Or "It's after September, whoops!"
