PRESS RELEASE

**Free Pizza for Every Household in Elkhart County Offered**

**Businesses Have Answer for the Slump-Free Pizza for Every Elkhart County Homeowner**

With continuing high unemployment in Elkhart County, things may even get worse because insurance premiums are on the rise. One insurance agency has an innovative approach... they are offering free pizza to every homeowner in Elkhart.

Jerry Brewton of the Brewton Insurance Protection Team says this is the xth year in a row they have made this offer and the response has always been great. (Testimonial??)

But, this year Brewton hopes that even more people can take advantage of this free pizza offer, because the situation is so much tougher. With the bad economy, declining credit scores and other pressures on the insurance industry, Brewton says premiums are rising.

In order for a family to get the free pizza all they have to do is call the Brewton Insurance Agency at 574-875-8506 or visit their web site at \_\_\_\_\_(use special page with sign up form). Generally the family needs to have good drivers with good credit and they will need to present copies of their present coverage. The Brewton Team will review that coverage for possible recommendations....and present the family with a coupon good for one 18" 3-topping pizza from Lucchese's (an \$18.00 value). No purchase is necessary.

Zach Lucchese has helped in this program in the past and stepped up to the plate again this year, even though Jerry Brewton has said he wants to offer a lot more free pizzas. Lucchese vows to order extra food and have extra staff on hand to meet the expected high demand for this free pizza offer. Lucchese's is located at 655 County Rd 17 in Elkhart.

Brewton Insurance is located in the Crossroads Professional Park and has been operating in the region since 1976?? They may be contacted at 574-875-8506.
